

First & Last Name: \_\_\_\_\_ Random Generator #: \_\_\_\_\_

**Directions:** Write in complete sentences for each of the three open response questions. Be neat and clear in your responses. A good rule of thumb to think about for this would be the number of quality sentences for each open response question : 5 = A; 4 = B; 3 = C; 2 = D; 1 = F and use detail to support your main point.

**Student Self-Evaluation - "Tell the truth - all the time!" -Randy Pausch**

1) Name *one* new concept you learned this quarter. Give a specific example to support your response using words, numbers and pictures.

2) What is *one* thing you did well in math class this quarter.

3) What is *one* thing you could improve on in math class next quarter.

	Almost Never			Almost Always	
I come to class with a "ready to work and learn" attitude.	1	2	3	4	5
I bring my required textbook and composition book to class.	1	2	3	4	5
I bring all required math supplies to class.	1	2	3	4	5
I listen carefully to my teacher when she/he gives directions.	1	2	3	4	5
I take complete and detailed notes in class.	1	2	3	4	5
I work quietly without disturbing others.	1	2	3	4	5
I work well with partners/groups.	1	2	3	4	5
I participate well in class discussions.	1	2	3	4	5
I ask questions when I don't understand what we are doing.	1	2	3	4	5
I respect that others may solve math problems differently.	1	2	3	4	5
I try to understand concepts, not just memorize steps.	1	2	3	4	5
I look for connections between new concepts and what I know.	1	2	3	4	5
I do my work as neatly as I can.	1	2	3	4	5
I show all of my work so my teacher can see my thinking.	1	2	3	4	5
I read all of the examples in the text.	1	2	3	4	5
I do all of the homework that is assigned, not just part of it.	1	2	3	4	5
I turn in assignments on time.	1	2	3	4	5
I study with friends and help others when I can.	1	2	3	4	5
I turn in late work after I've been absent.	1	2	3	4	5
I use lunch to catch up on missed work or to get help.	1	2	3	4	5
I study for tests using past work and/or study guides to review.	1	2	3	4	5
If I don't have homework I review what I did in class to study.	1	2	3	4	5
I am willing to try different strategies to learn math.	1	2	3	4	5
I understand making mistakes is part of learning math.	1	2	3	4	5
I believe in my abilities to learn mathematics even if it's hard.	1	2	3	4	5
I challenge myself to go above and beyond.	1	2	3	4	5
I do my best effort on a daily basis.	1	2	3	4	5
I understand I am responsible for my own learning in math.	1	2	3	4	5
